Facilities

Our Inn is built on a 3 acre property in the heart of Montville. Our buildings are situated at the front of the site, enabling us to create delightful gardens and facilities in the rear. The picturesque gazebo overlooks the landscaped gardens with views of the tennis court (full-size) and swimming pool. A gentle stroll through the landscaped gardens filled with colour and lush greenery will bring you to the tennis court.

The buildings and surrounding trees offer excellent shelter from the wind so that guests can enjoy a game in almost all weathers. Further into the gardens you will find our swimming pool - designed with your holiday in mind and set amongst palms and lawns. The pool enjoys similar shelter from the wind as does the tennis court, as well as large sky exposure to afford an idyllic spot for enjoying the sun.

Simply relax or fill your day with activity - the choice is yours. You can browse through village shops, boutiques, galleries, coffee shops... only a few minutes stroll from our reception. If you prefer to make the most of our many scenic drives, you can picnic with superb coastal and mountain views , take a country walk, listen to the rainforest, swim in clear mountain creeks, drive through quaint countryside, and visit the different hinterland villages. You can swim in the ocean, stroll on the beach, or take in coastal attractions all on the same day.
